Comprehension:

Read the following passage carefully and answer the questions that follows.

Global warming is one of the most pressing issues of our time. It refers to the gradual increase in Earth's average surface temperature due to rising levels of greenhouse gases such as carbon dioxide, methane, and nitrous oxide. These gases trap heat in the atmosphere, creating a "greenhouse effect." Human activities like burning fossil fuels, deforestation, and industrial processes have significantly contributed to this phenomenon. The consequences of global warming are farreaching. Melting ice caps, rising sea levels, extreme weather patterns, and loss of biodiversity are just a few of the alarming outcomes. These changes not only threaten natural ecosystems but also pose significant risks to human societies, particularly those in vulnerable regions.

Efforts to combat global warming include reducing carbon emissions, adopting renewable energy sources, and protecting forests. However, addressing this challenge requires global cooperation and a commitment to sustainable practices. Global warming serves as a reminder of humanity's shared responsibility to protect the planet for future generations.

Read the following passage and answer the questions.

The Pandya dynasty was one of the most influential ancient Tamil dynasties. Its prominence is documented in Sangam literature, which provides insights into its social, political, and economic structure. Women played an essential role, often excelling in arts, education, and governance. Temples were not only religious centres but also hubs for education, arts, and public discourse. The Tamil Sangam assemblies nurtured literature, poetry, and scholarly debates, reflecting a vibrant cultural life. The Pandyas were known for their efficient administration, with the king at the helm supported by a council of ministers. The kingdom was divided into regions governed by local chieftains. Military strength was a key aspect of Pandya rule, helping them resist invasions and expand their territory. Their capital, Madurai, was a significant centre of governance and culture. The Pandyas had a robust economy driven by agriculture, especially rice cultivation. Trade flourished due to their strategic location near coastal areas, enabling maritime connections with Rome, Greece, Southeast Asia, and China. Items like pearls, spices, ivory, and textiles were highly sought after. The Pandya dynasty's integration of governance, culture, and economy created a legacy that significantly influenced South Indian history.

मानव को मानव के रूप में सम्मानित करके ही हम जातीयता, प्रांतीयता, राष्ट्रीयता और अंतरराष्ट्रीयता के भेद को तोड़ सकते हैं। आज मानव मानव से दूर हटता जा रहा है। वह भूल चुका है कि देश, धर्म और जाति के भिन्न होते हुए भी हम सर्वप्रथम मानव हैं और समान हैं तथा सभी की भावनाएँ और लक्ष्य एक ही हैं। आज धर्म, देश, सत्ता, धन आदि का भेद होने से एक मानव दूसरे मानव को मानव ही नहीं मानता। कभी-कभी स्वधर्मी विधर्मी को स्वदेशी विदेशी को, धनिक निर्धन को तथा विद्वान निरक्षर को इंसान ही नहीं समझता है और वह भूल जाता है कि दूसरे को भी समान रूप से इच्छा, भूख - प्यास सताते हैं तथा उसे भी प्रेम और आदर चाहिए। वह भूल जाता है कि दूसरे में भी स्वाभिमान का पुट है, उसे भी विश्राम की आवश्यकता है और उसे भी अपने बच्चे प्रिय है अथवा वह भी अपनी संतान के लिए कुछ करना चाहता है। सत्ताधारी मनुष्य दूसरों को कुचलकर सुख-सुविधाओं पर एकाधिकार कर लेना चाहता है, लेकिन एक आकाश के नीचे रहने वाले इंसान तो सब एक हैं, भले ही कोई कुदाल लेकर श्रमिक का कार्य करता हो, कोई कुनम लेकर दफ़्तर का; किंतु लक्ष्य एक है-समाज का अभ्युदय और विकास। कार्य-भेद होते हुए भी सब इंसानी बिरादरी के एक - से हकदार हैं। सब भाई-भाई ही तो हैं, सब ही अपने-अपने स्थान पर विश्रेष हैं। मानव का नाता ही श्रेष्ठ नाता है। किसी को 'नौकर' कहकर पुकारना मानव का ही अपमान है। 'सहयोगी', 'सहायक' अथवा 'सस्नेह' उसका नाम कहकर संबोधन करना मधुर और प्रिय है।
