Read the following information carefully and answer the given questions.

Artificial intelligence is a branch of computer science that enables machines and robots to perform tasks such as speech and visual recognition, translation of the languages and virtual decision–making on behalf of human beings. Today, the use of artificial intelligence is not restricted to gaming and data management. Its ambit has encompassed a variety of applications in almost every industry, be it automobile, health, education or hospitality. People are desperately awaiting the driverless cars of Google and Apple based on autonomous vehicle technology, and robots have already made their entry into the health and medical sector. The US, Japan, the UK and France are the countries which are spending billions of dollars on the research and development of AI goods and services. Though, it is a relatively new concept in India, both the government and research institutes are working aggressively at using this revolutionary technology in the defense, investigation, banking and education sectors. Innefu Labs, a Delhi-based IT an information security form, has developed a multifactor authentication device for the security of government agencies and corporate firms. The face and speech recognition system developed by Innefu is shielding the Reserve Bank of India and the Defence Research and Development Organisation against various security threats.

Various studies have confirmed that from 2015 to 2017, the Global estimated growth of robot installations is expected to increase by 12% annually on CAGR basis. The AI industry geared up a greater pace and the demand for engineers, architects, developers and data scientists is increasing everyday.

एक गद्यांश दिया गया है। गद्यांश के आधार पर प्रश्न दिए गए हैं। गद्यांश को ध्यानपूर्वक पढ़ें तथा प्रत्येक प्रश्न के चार विकल्पों में से सही विकल्प चुने।

मनुष्य के लिए अच्छे स्वास्थ्य का होना अत्यंत आवश्यक है। एक स्वस्थ शरीर में ही स्वस्थ मस्तिष्क होता है। दूसरे शब्दों में, स्वस्थ मस्तिष्क के लिए स्वस्थ शरीर का होना अनिवार्य है। रुग्ण शरीर, रुग्ण मानसिकता को जन्म देता है। वैदिक काल से ही हमारे पूर्वजों ने 'निरोगी काया' अर्थात् स्वस्थ शरीर को प्रमुख सुख माना है। खेल अथवा व्यायाम स्वस्थ शरीर को लिए अति आवश्यकता होती है। विद्यार्थी जीवन मानव जीवन की आधारशिला है। इस काल में आत्मसात् की गई समस्त अच्छी-बुरी आदतों का मानव जीवन पर स्थायी प्रभाव पड़ता है। अध्ययन के साथ-साथ व्यायाम मनुष्य के सर्वांगीण विकास में सहायक है। विद्यार्थी जो अपनी पढ़ाई के साथ खेलों को बराबर का महत्व देते हैं वे प्राय: कुशाग्र बुद्धि के होते हैं। वे तन और मन दोनों से ही पूर्ण रूप से स्वस्थ होते हैं। खेलों से उनका मानसिक स्वास्थ्य अच्छा रहता है। वे अन्य विद्यार्थियों की तुलना में अधिक चुस्त-दुरस्त होते हैं तथा उनमें धैर्य, सहनशीलता, क्षमा जैसे मानवीय गुणों का विकास अधिक होता है। हमारे देश में योगासन, दंड-बैठक, दौड़ना, कुश्ती, तैराकी आदि व्यायाम की अनेक पद्धितियाँ प्रचलित हैं। खेलना भी व्यायाम का ही एक रूप है। फुटबॉल, हॉकी, बालीबॉल, कबड्डी, खो-खो, क्रिकेट आदि देश के प्रमुख खेल हैं। अत: मनुष्य के सर्वांगीण विकास के लिए यह अनिवार्य है कि हम खेल और शिक्षा दोनों को ही बराबर का महत्व दे।

एक गद्यांश दिया गया है। गद्यांश के आधार पर प्रश्न दिए गए हैं। गद्यांश को ध्यानपूर्वक पढ़ें तथा प्रत्येक प्रश्न के चार विकल्पों में से सही विकल्प चुने।

मनुष्य के लिए अच्छे स्वास्थ्य का होना अत्यंत आवश्यक है। एक स्वस्थ शरीर में ही स्वस्थ मस्तिष्क होता है। दूसरे शब्दों में, स्वस्थ मस्तिष्क के लिए स्वस्थ शरीर का होना अनिवार्य है। रुग्ण शरीर, रुग्ण मानसिकता को जन्म देता है। वैदिक काल से ही हमारे पूर्वजों ने 'निरोगी काया' अर्थात् स्वस्थ शरीर को प्रमुख सुख माना है। खेल अथवा व्यायाम स्वस्थ शरीर के लिए अति आवश्यकता होती है। विद्यार्थी जीवन मानव जीवन की आधारशिला है। इस काल में आत्मसात् की गई समस्त अच्छी-बुरी आदतों का मानव जीवन पर स्थायी प्रभाव पड़ता है। अध्ययन के साथ-साथ व्यायाम मनुष्य के सर्वांगीण विकास में सहायक है। विद्यार्थी जो अपनी पढ़ाई के साथ खेलों को बराबर का महत्व देते हैं वे प्राय: कुशाग्र बुद्धि के होते हैं। वे तन और मन दोनों से ही पूर्ण रूप से स्वस्थ होते हैं। खेलों से उनका मानसिक स्वास्थ्य अच्छा रहता है। वे अन्य विद्यार्थियों की तुलना में अधिक चुस्त-दुरस्त होते हैं तथा उनमें धैर्य, सहनशीलता, क्षमा जैसे मानवीय गुणों का विकास अधिक होता है। हमारे देश में योगासन, दंड-बैठक, दौड़ना, कुश्ती, तैराकी आदि व्यायाम की अनेक पद्धितियाँ प्रचलित हैं। खेला भी व्यायाम का ही एक रूप है। फुटबॉल, हॉकी, बालीबॉल, कबड्डी, खो-खो, क्रिकेट आदि देश के प्रमुख खेल हैं। अत: मनुष्य के सर्वांगीण विकास के लिए यह अनिवार्य है कि हम खेल और शिक्षा दोनों को ही बराबर का महत्व दे।
