Read the given passage and answer the following questions.

Picnic Comma Lightning by Laurence Scott- perceptions of reality in the age of Instagram: Review

Laurence Scott's first book, <u>The Four-Dimensional Human</u>, zoomed straight on to the Samuel Johnson (now the Baillie Gifford) prize shortlist in 2015. In a crowded field of commentary on our lives with new technology, his first-hand reports on digital existence, narrated with blushes and allurements and a scholar's grasp of intellectual history, were not like anyone else's.

Picnic Comma Lightning brings us further meditations on what digital life is doing to the way we find meaning in the world. Here again, Scott ponders his world with a mix of delighted avidity, candour and melancholy. But this second book goes deeper, ranges even wider, and takes many different forms in the mind. It is a philosophical meditation on perceptions of reality, achieved by means of beguilingly playful moves from confession to anthropology to social analysis. It is also an elegy for two lost parents, who died in quick succession when the author was in his early 30s.

For novice technonauts who get easily lost in the seas of social media, Scott's willingness to think about continuities with our old lives, and indeed with the dilemmas of centuries ago, is encouraging. If we can think about the different forms of attention elicited by a Holbein painting, for instance, it seems we can turn to Instagram with the same questions in mind.

In the tradition of Barthes's mythographies of everyday life, Scott makes banal things shimmer with meaning. He finds, in <u>Andy Murray's grimace</u> or in <u>Nigella's posts about filming</u> Christmas dinner in July, signposts to the underlying structure of things. He operates on a dauntingly large conceptual scale, but there's a sense of embrace in his cleverness. It's not often that a highly ambitious work of social analysis speaks so determinedly to the heart.

नीचे दिये गए गद्यांश को पढ़कर पूछे गये प्रश्नों के उत्तर दीजिए।

शुक्ल जी ने हिन्दी समालोचना में प्रमुखतः दो काम किए- एक प्राचीन काट्यशास्त्र की पुनर्ट्याख्या करके उसे फिर से रचनात्मकता के लिए संदर्भवान बनाया। जिस तरह उन्होंने काट्यशास्त्र को वर्तमान बोध एवं सहदयता के लिए संदर्भवान बनाया, उसी प्रकार प्राचीन साहित्य को वर्तमान बोध एवं सहदयता के लिए। जिस अर्थ-विस्तार को आलोचना का वास्तविक कार्य कहा जाता है, वह शुक्ल जी ने अनेक कवियों विशेषतः जायसी, तुलसी और स्रदास की समीक्षा के माध्यम से किया। वे विश्लेषण-विवेचन के उपरांत विवेच्य रचनाकार की उस विशेषता को ढूढ़ लेते हैं जो अन्य से उसे अलग या विशिष्ट बनाती है। उन्होंने तुलसी को 'लोकमंगल' का, सूर को 'जीवनोत्सव' का, जायसी को 'प्रेम की पीर' का कवि कहा।
